

## Christmas Makers Market x Partnership Editions

On Wednesday 12th November, The Walmer Castle in Notting Hill will host a one-day independent makers' market in collaboration with Partnership Editions. Timed to coincide with the launch of the gallery's November online drop, the event will feature a handpicked selection of work by emerging artists and designers. Visitors will have the opportunity to preview and shop the new collection in person, with pieces ranging from delicately embroidered cushions and hand-painted baubles to ceramics and other decorative objects. Several artists will also offer on-the-spot personalisation, giving shoppers the chance to add a thoughtful finishing touch to their gifts.
